## March Contest

Guess how many shamrock marshmallow Lucky Charms are in the jar. Winner will receive a \$25 Amazon gift card and 25 Keller Reward Points!

Good Luck!

## Community

We are delighted to announce our recent support of local schools and organizations:

Fremont High School

Cherry Chase Elementary

Sunnyvale Girls Softball League

West Valley Elementary School

Montclair Elementary School

Girl Scouts of Nor Cal

Sunnyvale Little League

## Office Stuff

Come see all the new photos decorating our office! Maybe you'll notice some of your friends with their braces off – we're hard at work every day creating beautiful smiles!

## Staff Profile

Our very own Orthodontic Assistant Magen recently started Invisalign treatment! She has been learning lots of new tricks so feel free to ask her any questions you may have about aligners, elastics, and what it's like to live with Invisalign every day. Magen has been with us for three years so she has a ton of experience to share!

## Congratulations!

Leslie and Ian B.'s mom were the winners of our February Chocolate Kisses contest. Leslie ended up with the giant jar of Kisses and Ian is hoping his mom will take him to Maggiano's with her new gift card...

## What's Interesting this Month in Orthodontics?

Did you know that Invisalign recently had a big update (called G7) which now means almost everyone on the new protocol can switch aligners EVERY WEEK instead of every two weeks? That means cleaner fresher aligners for our patients and it may mean more efficient or shorter treatment times.

Ask Dr. Keller if Invisalign is right for you or your teen, and also we can tell you if you're on the new protocol yet!

At Keller Orthodontics, we have been recognized for our expertise in using Invisalign.

## Dr. Keller's Latest News

March is a busy month for all of us at Keller Orthodontics. Our team just finished our updated training on California Dental Law and Infection Control and our CPR update training is on March 31. Did you know our office has an AED and our entire team is prepared to handle medical emergencies?

I will be teaching a full day continuing education class on March 24 to the Peninsula Orthodontic Research group as well as teaching orthodontic residents at UOP Dental School. In March I'll also be attending classes with three different dental and orthodontic study clubs and an advanced Invisalign class. We continue to work hard to stay at the cutting edge of learning and technology!

On a personal note – spring soccer is here! I'll see you on the field as a ref in AYSO and playing my own games with the Bay Area Women's Soccer League and the Palo Alto Adult Soccer League.

Keep Smiling! – Dr. Becca Keller
